**PARISH ACTIVE AT HOME:** We can speak of four distinct levels at which we can experience the life of the Church. There is the universal church led by the Pope and all bishops in union with him. There is the local diocesan church led by its local bishop. There is also the local parish church. Finally, we can speak of the family as the domestic church. The family as the domestic church is important for our spiritual life because it is the primary place where we practise coming to love and care for other people. In the present circumstance, as we participate in many of our parish activities from our homes, we will keep our parish alive and active in the spiritual space of our homes. We encourage parishioners to participate in any **Parish Active At Home** activity listed below. This way, we will keep our fellowship strong.
